Key Stage 2 Educational Visit to Hever Castle

June 2006

2P went to Hever Castle and each did some work on their day out - have a look below!

IN THE WATER MAZE THE WATER SPRAYED UP BEHIND ME WHEN I STEPPED ON THE PATH. I GOT VERY WET. IT WAS FUNNY.

BY HAMISH

When we were walking by we saw a statue and its nose was broken. There are lots of statues. Mrs Parsons wanted a photo of 2P at the lake. It was very big and it is clean.

By Sebastian

In the gardens there was a water fountain near the lake. People had put lots of coins in the fountain to give them good luck.

On the lake we saw ducks and ducklings and swans and cygnets.

By Oliver

We saw some hedges. They were all different shapes. There were some birds and a cork screw and one was a rabbit.

We had lunch in front of the castle. The ducks tried to get our lunch. We had to move a lot of times. One duck pecked my finger. It hurt!

By Mike

Me, Hamish and Oliver stroked a statue of a dog in the garden but it didn't feel soft and furry it felt hard like a rock!

We played in the Henry VIII Tower maze. It was great fun!

By Henry

This is the courtyard of the castle. The black & white stripes are from Tudor times.

In Hever Castle we found Henry the 8th's bed. The cover was made of fur.

By Steven

We saw Kate working in this garden. There were lots of lovely roses.

I saw statues.

They were very old. Some statues were animals and some were people. I liked the walkway because it was good.
