## Senior Football Match - Moor House School vs. Sunnydown

**7th November 2007**

Students from Years 10 and 11 took part in the first Senior 11-a-side match for a number of years on the 7th November. Being unaccustomed to playing on a full size pitch, it was something of a journey into the unknown as the team made their way to the track at Holland Sports Ground to use the full size pitch available.

Nevertheless, the team coped admirably with the re-organisation required and at half-time went in level at 0-0 thanks in particular to a remarkable close range save just before half-time by Calum Loughran.

The second half brought more and more pressure and slowly MHS began to retreat towards their own goal. With ten minutes left the deadlock was finally broken when the ball dropped loose in the MHS penalty area and was cleanly dispatched into the back of the net by the big Sunnydown number 9.

However, in an effort to draw level, the last few minutes saw MHS push forward with Ryan Gullin moving from defence into attack. The decision seemed vindicated when Ryan broke through into the opposition area with the goalkeeper to beat but a brilliant last ditch tackle from a Sunnydown defender prevented him from scoring the goal that would have left the honours even.

Sunnydown ran out 1-0 winners but the team were more than pleased with their efforts against a side with far greater experience.
