and other supplementary equipment/facilities, leaving a balance of £14,626.

This remaining sum of £14,626 will be spent on: improvements to the student playground, student sportswear and the replacement sports equipment.

The impact of this spending on pupils' PE and sport participation and attainment includes the development of a broad and dynamic curriculum of activities to include participation and inclusion. We provide an eclectic mix of sports and this funding has enabled us to broaden what is on offer to the students.

These improvements will be sustainable in the future, providing that continued funding is available for maintenance and replacement. All equipment is labelled and can be replaced to maintain high standards of health and safety. All equipment is stored carefully and locked away for safekeeping when not in use.

This percentage of pupils within year 6 for academic year 2019/20 who can do each of the following:

- 1) Swim competently, confidently and proficiently over a distance of a least 25 metres: 75%
- 2) Use a range of strokes effectively: 75%
- 3) Perform safe, self-rescue in different water based situations: Students are only assessed in pool based situations"
